# ADVANCED PLACEMENT & CONCURRENT ENROLLMENT OVERVIEW

## DOMINICAN'S CURRICULUM

Dominican's challenging curriculum is focused on preparing students to thrive at the college level. Graduating from Dominican means being ready to exceed college professors' expectations across the curriculum.

## AP CLASS OFFERINGS

AP courses offer the opportunity for students to master curriculum similar to the college-level. AP courses prepare students to take the corresponding AP Exam in May, where college credit may be earned based on a set of standards deemed by the institution.

## AP CLASS OFFERINGS

- |                         |                         |
